As of March 1, 2021, the state of New Jersey summer youth camp guidelines have not yet been determined. Therefore, specific details for 2021 Camp Cool Environment are still pending at this time. Following are two possible scenarios.

**Scenario 1:** If the guidelines remain the same as last summer, then...

- The number of camper/volunteer registrations will be limited;
- No field trips or pool trips will be taken;
- Cost of camp will be \$190 per week; (Because of limited registration capacity, all campers must register for the full week of camp. If campers do not plan to attend for the full week, they will still be charged the full cost for the week.)
- No before or after care.

**Scenario 2:** If guidelines expand, then camp will follow the updated guidelines accordingly to include, if possible...

- Increased number of camper/volunteer registrations;
- Field trips will be scheduled (On field trip days, there would not be an option for campers/volunteers to remain at the camp facility. Anyone who chooses not to attend a field trip would need to remain home for that day.);
- Cost of camp will be \$235 per week (All campers must register for the full week of camp. If campers don't plan to attend the full week or don't plan to attend field trips, they will still be charged the full cost for the week.);
- Options for before care 8-9am and after care 4:30-5:30pm will be offered if feasible and at an additional fee.
