Week 1: 6/26-6/30 Art in 3D

Turn your ideas into art you can touch and hold! Learn about famous pieces of 3D art and create your own sculptures out of a variety of materials.

Week 2: 7/3-7/7 Nature's Kitchen

Put the candy bar down and step away from the vending machine. Learn how to make snacks that are more than just yummy; they're also good for you! And learn about different snacks from around the world, too.

Week 3: 7/10-7/14 Engineering Week

How'd they build that?! Learn how engineers design buildings, bridges, and more by building bridges, structures, and machines of your own.

Week 4: 7/17-7/21 Living in Harmony with the Land

Travel back in time and learn the history and cultures of the indigenous people who lived in the area now called New Jersey. Reflect on how they lived in harmony with the land and what it means to live in harmony with the land today.

Week 5: 7/24-7/28 Detective Week

Dust off your magnifying glass and enter the world of detectives. Learn about fingerprinting, analyzing evidence, and sharpen your powers of observation.

Week 6: 7/31-8/4 Magic and Illusion

Abracadabra! This week is full of fun, experimenting with different magic tricks and learning the science behind optical illusions.

Week 7: 8/7-8/11 Water World

Dive deep into learning all about oceans, rivers, lakes, and all your favorite creatures that live in them. Discuss why it's important that bodies of water around the world are protected.

Week 8: 8/14-8/18 Creative Writing Week

What's your story? Explore different genres of creative writing—poetry, short fiction, creative non-fiction, graphic novels, and more. Write a story or a poem and share it with the camp at the end of the week if you'd like.
